New Bill, Still Terrible

New language does little to address concerns about bill

July 13, 2017

Today Senate Republicans revealed their latest effort to increase costs, limit coverage for pre-existing conditions, and impose an age tax on older Americans. Non-profit leader and business executive Dan Kohl issued the following statement:

“This is just the latest iteration of the same dangerous idea. The longer this bill ferments in the dark, the more it becomes clear that this effort is not about solving what’s wrong in healthcare. It is way past time for Senate Republicans to work with their Democratic colleagues to fix what’s not working in healthcare and get real. My-way-or-the-highway partisanship won’t get us anywhere.”
