## Wisconsin Local Employment & Unemployment Estimates Released

MADISON – The Department of Workforce Development (DWD) today released the U.S Bureau of Labor Statistics (BLS) estimates of unemployment and employment statistics for metro areas, major cities, and counties in Wisconsin. The estimates include updates for May 2017 and the preliminary estimates for June 2017. These numbers are not seasonally adjusted. In brief, the estimates showed:

- **Metropolitan Statistical Areas:** Preliminary June 2017 unemployment rates decreased in all areas when compared over the year to June 2016. The largest 12-month decline was 1.3 percent in Racine. The rates ranged from 2.7 percent in Madison to 4.2 percent in Racine.
- **Municipalities:** Preliminary June 2017 rates decreased in the state's 32 largest municipalities when compared over the year to June 2016. The latest rates ranged from 2.7 percent in Fitchburg, Madison, and Sun Prairie to 5.2 percent in Beloit.
- **Counties:** Preliminary June 2017 rates decreased in all 72 counties when compared over the year to June 2016 rates. The largest over the year decline was 2.4 percent in Menominee county. The latest rates ranged from 2.6 percent in Dane and Lafayette to 6.5 percent in Menominee.

The release of the June 2017 local rates follows last week's release of BLS monthly estimates showing a preliminary seasonally adjusted unemployment rate of 3.1 percent in June 2017, maintaining its lowest rate since October 1999. Data also showed both total labor force and employment in Wisconsin remained at all-time highs in June.

Other indicators of the state of Wisconsin's economy include:

- Wisconsin's labor force participation rate of 68.9 percent continues to outpace the national rate of 62.8 percent.
- Wisconsin's total labor force and employment remain at all-time highs.
- Wisconsin's seasonally adjusted employment change of 76,500 year over year is the largest since July 1995.
- Wisconsin's 3.1 percent unemployment rate for June maintains the lowest rate since October 1999.
